MINISTRY OF TOURISM

No. 026 M.O.T.

Phnom Penh, March 17, 2022.

ANNOUNCEMENT

In reference to the Decision of the Royal Government of Cambodia, the Ministry of Tourism of the Kingdom of Cambodia has the great honor and is delighted to inform all tourism stakeholders, national and international tourists, and travelers, who have been fully vaccinated and traveling to the Kingdom of Cambodia, that as of 17th March 2022, the Royal Government of Cambodia has officially decided as follows:

1. Waiving the requirement for the **Negative 72-hour certificate of COVID-19 PCR Test** Result prior to arrival in Cambodia.
2. Waiving the requirement for **Antigen Rapid Test** upon arrival.
3. Reopening the **Visa On Arrival** service for all international travelers by air, land and sea by meeting the immigration requirements as previously implemented prior to the global pandemic of COVID-19.

Upon the arrivals all tourism stakeholders, national and international tourists, and travelers must present vaccinated cards recognized by their respective health authorities. For those, who have not been vaccinated, are still eligible to request/apply for Visa on Arrival; but subject to 14-day state quarantine at the locations designated by the Ministry of Health or respective/local authorities.

All tourism stakeholders, national and international tourists, and travelers are encouraged to conduct their own Antigen Rapid Tests before or upon arrival and during their stay in Cambodia; and must comply with the implementations of 3 DOs and 3 DON'Ts as well as all the Standard Operating Procedures (SOPs) in the Tourism Industry implemented by the Ministry of Tourism of the Kingdom of Cambodia.

The Ministry of Tourism requests all relevant tourism stakeholders to implement and disseminate this announcement effectively from today onward. *[Signature]*
