**Announcement
Workshop on
Cambodia's Digital Economy and Business Web Portals**

On **October 27, 2022 from 2pm onward**, at Hyatt Regency Phnom Penh Hotel, the Digital Economy and Business Committee, Techo Startup Center, and Meta company are co-organizing the workshop on "Cambodia's Digital Economy and Business Web Portals." This workshop will be presided over by **H.E. Dr. Kong Marry**, Under Secretary of State of the Ministry of Economy and Finance and Secretary General of the General Secretariat of the Digital Economy and Business Committee, with the participation of representatives from relevant ministries and institutions, private sector, associations and civil society.

The workshop is held to extensively disseminate to the public and private sectors the essential web portals for digital business and economy, including the Digital Economy and Business Committee website (www.digitaleconomy.gov.kh), the business platform (www.business.gov.kh), Startup Cambodia platform (www.startupcambodia.gov.kh), the E-Commerce platform (*Go4eCam*) of the Ministry of Commerce, and the Digital Economy platform (www.dep.kh), which was collaborated between Meta company and Open Development Cambodia.

In this regard, everyone and all presses are warmly invited to watch the live broadcast of the workshop on the Facebook page of the Digital Economy and Business Committee and Techo Startup Center on the above mentioned date.

information related to requesting business certificates, licenses, and permits and doing business in Cambodia.

(3) **Startup Cambodia platform** (www.startupcambodia.gov.kh) is a part of the National Startup Cambodia Program that compiles a list of stakeholders in Cambodia's startup ecosystem with the aim to increase interaction between startup support stakeholders and the ecosystem to become more interconnected and vibrant.

(4) **The E-Commerce project** (Go4eCam) provides the necessary conditions for MSMEs to go digital and gain access to much-needed finance for e-commerce uptake and business formalization to support export readiness.

In addition, the workshop also disseminated information related to **the Digital Economy Web Portal** (www.dep.kh), a web portal that provides information on the digital economy and society in Cambodia. The web portal is a collaborative work between Open Development Cambodia and Meta company.

This workshop was organized in alignment with the advice of **His Excellency Akka Pundit Sopheacha AUN Pornmoniroth**, Deputy Prime Minister, Minister of Economy and Finance, who sees the importance, potentials and opportunities of using digital technologies in the development of digital economy and the promotion of digital business in Cambodia, in which accessing comprehensive and trustworthy data, information, and activities of the digital economy and business through web portals and media platforms is essential in promoting digital adoption and the digital inclusion and promoting the knowledge about the use of digital technologies. Furthermore, today's workshop distinctly reflects the importance of synergy between the public and private sectors in promoting digital adoption and digital transformation in all sectors and of all actors.

As a result, the workshop ran smoothly and achieved expected outputs and useful inputs through the lively discussion and the sharing of innovative ideas and experiences.
