News Release

In recent times, some individuals have disseminated illegal messages and contents related to online gambling, child pornography images and videos, misinformation, disinformation, and scam, which have caused potential harms to security, social order, and telecommunications users.

With close cooperation from relevant ministries, authorities, and the public, the Telecommunication Regulator of Cambodia (TRC) has collaborated with telecommunications operators to continuously block access to websites and IP addresses associated with the aforementioned illegal messages and contents, resulting in a total of 7,323 websites/IP addresses blocked. Recently, the TRC also took measures to block 1,965 illegal websites on August 6, 2024, and an additional 489 websites on August 9, 2024.

The TRC appeals to the public to kindly cooperate with the TRC in promoting security, social order, and preventing themselves from being affected by the aforementioned harms, by reporting to the TRC via calling 6789 during business hours or sending an email to info@trc.gov.kh if the public receives illegal messages and contents, or is aware of such cases. The TRC will maintain confidentiality of all reports. *Sc QR
