Announcement

On

The Implementation of the Paperless Trademark Registration System

The Ministry of Commerce is honored to inform the public, legal trademark agent and trademark applicants that, with the aim of enhancing the efficiency and convenience of trademark registration, as well as improving the delivery of public services, the Ministry of Commerce will put into operation the Paperless Trademark Registration System starting from **30 September 2025 onward**.

This system will manage the trademark registration process in a fully digital format, and all documents related to trademark registration issued by the Ministry of Commerce to trademark owners or their legal representatives shall be provided in digital form.

As stated above, the public, trademark owners, their legal representatives, and all trademark applicants are kindly informed.
