PLUGANDPLAY CAMBODIA

Innovate Cambodia Accelerator Program

BATCH 1

Application closes 3 Oct 2025

IN PARTNERSHIP WITH:

MINISTRY OF POST AND TELECOMMUNICATIONS

AUPP Technology Center

PROGRAM OVERVIEW

Plug and Play Cambodia, in partnership with the Ministry of Post and Telecommunications and the AUPP Technology Center, is launching the Innovate Cambodia Accelerator Program to accelerate promising Cambodia-based digital startups. The initiative aims to empower local innovators to become part of a vibrant ecosystem and gain access to one of the largest consumer markets in Southeast Asia and beyond.

Through our APAC hub in Singapore, startups will have the opportunity to collaborate with leading corporates and investors across the region. The program will connect participants with key stakeholders while providing tailored guidance and mentorship to help them expand their networks and scale into the Southeast Asian market. This will be a hybrid program, offering both online and in-person opportunities.

PROGRAM BENEFITS

Tailored Mentorship

Through 1:1 mentoring sessions, workshops, and office hours, startups receive personalized guidance from seasoned entrepreneurs, industry experts, and legal advisors.

Practical Workshops

Founders will participate in targeted workshops covering fundraising, hiring, legal/IP, and pitch polishing, providing hands-on knowledge to strengthen operations.

Access to Investors and Corporates

Startups will pitch directly to top investors and corporates across Cambodia and Southeast Asia, gaining exposure to funding opportunities and strategic partnerships.

Global Exposure

By participating in high-profile events such as the Plug and Play APAC Summit and SWITCH in Singapore, startups showcase their solutions on international stages.

Skill-Building Through Practical Workshops

Founders will participate in targeted workshops covering fundraising, hiring, legal/IP, and pitch polishing. These sessions provide hands-on knowledge that can be applied immediately to strengthen operations and prepare for sustainable growth.

Tailored Mentorship and Expert Guidance

Through 1:1 mentoring sessions, workshops, and office hours, startups receive personalized guidance from seasoned entrepreneurs, industry experts, and legal advisors. This ensures that founders gain actionable insights to refine their strategies, strengthen their business models, and scale effectively.

Access to Investors and Corporates

Startups will pitch directly to top investors and corporates across Cambodia and Southeast Asia through our Singapore Hub, gaining exposure to funding opportunities and strategic partnerships. These connections open doors to potential clients, collaborations, and long-term business growth.
